INTRO RATE: For each of your first twelve (12) billing cycles, the monthly Periodic Rate for new transactions will be an *ANNUAL PERCENTAGE RATE (APR) of 5.99%. Beginning with your thirteenth (13th) billing cycle the Periodic Rate and the corresponding ANNUAL PERCENTAGE RATE for all transactions and balances will be based upon your contracted rate which will be a variable rate based upon the current Wall Street Journal prime rate, which will never be more than 16.00% or less than 4.00%. Your APR will be based on several factors, including your credit history, loan to value ratio, property type, and lien status. Your first billing cycle after the date of the credit agreement may be less than a full or complete billing cycle. No other discounts apply to the Intro Rate. OTHER COSTS OR FEES: **Closing costs are estimated to range between \$150 and \$2,000, and Bank of Oak Ridge will pay closing costs, however, if you terminate your Line within 36 months from the Line opening date, third-party closing costs paid by Bank of Oak Ridge will be charged back to your Line. Other fees could include a late fee of 4.00% of the payment amount. OTHER REQUIREMENTS: To obtain a Line, a) you must provide an enforceable first or second lien security interest in your primary or secondary residence; and b) at the time of the account opening, the ratio of all debt secured by the residence (including any Line you obtain from us) to the fair market value of that residence must not exceed 90% Loan to Value. Property insurance required, including flood insurance if applicable. Consult your tax adviser about the deductibility of interest and other costs. All lines are subject to credit approval, documentation and security requirements. All terms are subject to change. Other legal requirements must be met. Not available in all states. The Intro Rate offer may end at any time without notice. Monthly Payments: During the Draw period your minimum monthly payment will be equal to the accrued interest as of the closing date of each billing statement. A sample Interest only Equity Loan payment based on \$100,000 at 5.99% APR for 12 month would be \$499.17. A sample Fixed Equity Loan Principal and Interest payment based on \$100,000 at a maximum fixed rate of 16.00% APR for 180 months would be \$1,468.96.
